Hiring Manager

[Company Name]

[Company Address]

Dear Hiring Manager,

I am excited to apply for the **Software Engineer Intern** role at [Company Name]. As a Computer Science student at Future Institute of Technology, Kolkata, I bring strong skills in Python, Flask, and full-stack development, with a passion for building practical tech solutions.

At **Euphoria GenX**, I developed machine learning models (SVM, Random Forest) for cancer prediction, enhancing diagnostic accuracy with real-world data. I've also built full-stack projects, including an **eCommerce platform** and a **role-based healthcare portal** using Flask, MySQL, and JavaScript.

I hold certifications in **Data Analysis** (IBM, Udemy) and was a **Smart India Hackathon 2024 finalist**, strengthening my teamwork and problem-solving skills. [Company Name] commitment to innovation and digital growth aligns with my aspirations to learn and contribute meaningfully.

Thank you for considering my application. I've attached my resume and would welcome the opportunity to further discuss how I can support your team.

Sincerely,

Snehasish Das
