EDUCATION

Bachelor of Technology in Computer Science & Engineering

Future Institute of Technology, Kolkata, West Bengal
(Expected Graduation: July 2026)

Higher Secondary Board Exam in Science

Belgharia High School, Kolkata (2022)

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL, C, HTML, CSS
- **Data Analysis & Visualization:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn
- **Tools:** Power BI, Excel, MySQL
- **Platforms:** Visual Studio Code, PyCharm, Cursor, Google Colab

PROJECTS

E-Commerce Website Project

[GitHub](#)

- Designed and developed a full-stack eCommerce application with secure authentication, cart, wishlist, and order management features.
- Integrated a payment gateway to enable secure online transactions and real-time order tracking.
- Optimized backend logic and database queries to improve performance and transaction reliability.
- Implemented a responsive, user-friendly UI ensuring cross-browser and device compatibility.

IBM HR Analysis

[GitHub](#)

- Performed exploratory data analysis to identify key factors influencing employee attrition.
- Analysed and visualized trends across job role, salary, work-life balance, and tenure.
- Applied data cleaning and feature analysis techniques to improve insight accuracy.
- Derived actionable insights to support data-driven retention strategies.

Ecommerce Sales Dashboard

[GitHub](#)

- Created a Power BI dashboard consolidating revenue, profit, customer behaviour, and payment insights, providing a unified business view.
- Cleaned, transformed, and modelled transactional data using Power Query and DAX to calculate 10+ KPIs, enabling detailed analysis with slicers and drill-through pages.
- Automated performance tracking, reducing manual reporting effort by 30–40% and improving overall reporting efficiency.

Blinkit Sales & Operations Analysis

[GitHub](#)

- Built a Power BI report analysing sales, average order value, ratings, and product count across outlets.
- Evaluated operational performance by outlet size, region, product category, and nutritional segments, identifying growth patterns over time.
- Enabled strategic insights using KPI cards, segmentation filters, and hierarchical drill-down visualizations.

CERTIFICATES

- Smart India Hackathon Finalist 2024 | [Certificate](#) December 2024
- Smart India Hackathon Finalist 2025 | [Certificate](#) December 2025

EXTRACARRICULAR ACTIVITIES

- Hackathon Enthusiast
- Robot Race Participant
- Tech Head of Tech-Club
- Cricket Player
